TOBERMORY PRIMARY PLACE

March Fundraiser Success

March was an exciting month with 2 successful fundraisers!

Pictured above (photo from The Bruce Peninsula Press) is Board Member Megan Robins at the St. Patrick's Day Skating Fundraiser. Lots of fun was had at this event, what a great turn out. TPP also had a Little Caesars Pizza Fundraiser, selling over 200 kits.

Thank you to all that supported, our members that organized and all that came to get in on the excitement!

Can you guess what day this was?
Green pizza, green salad and green fruit kabob!
The kids know me as "GaGa" and I am the one who loves to attempt to make their food fun!

IMPORTANT DATES:

- April 7- PJ Day!!
- April 15- Good Friday
  - Closed
- April 18- Happy Easter
  - Closed
- April 22- Open Friday's!!

A Note from the Office

You may have noticed some new email addresses coming from TPP. We are now ready to launch, so be sure to add us to your contacts.

PROGRAM UPDATES

AFTER SCHOOL PROGRAM

Last month, our school agers were very interested in observing items under a microscope, particularly geodes and crystals. To expand on this interest in science and technology, we have incorporated activities such as metal detecting, creating home-made lava lamps, and engaging in scientific reaction experiements.

TODDLER & PRESCHOOL

Following our interests from last month, the Toddler & Preschool Program has been going on a lot of nature hikes to seek animal tracks, mushrooms, and signs of spring. We spotted some fresh bear tracks on one of our walks which prompted some discussion about safety precautions and a bears hibernation process. With nicer weather coming, we have been hard at work planting seeds for our garden outside!
